

Photography Art Project

This is your opportunity to design and create an original art project that uses some of the techniques and methods represented in the art exhibition *Miki Kratsman*.

Instructions:

- ⦿ Think of a concept you would like to convey with your artwork. Reflect on the collection of works included in *Miki Kratsman* for inspiration.
- ⦿ Think of a photographic technique or method you would like to use to create your artwork. Find out more information about your selected technique or method.
- ⦿ Identify a social issue you'd like to focus on in your art project. Conduct research on this issue to inform your art project.
- ⦿ Write an accompanying short essay that describes the social issue, photography techniques/artistic methods used, your inspiration, any underlying meaning, and anything else you feel is important.
- ⦿ Create your project and be prepared to share it with your classmates in your classroom or in a public space in the school.
